Last session, Republicans delivered the largest-ever investment in roads and bridges without a tax increase. Hi, I'm Peggy Bennett, your State Representative for 27A.

With cars using less and less fuel, we needed to find transportation funding outside of the gas tax. We did that without raising taxes and delivered more than \$5 billion dollars in new funding for roads and bridges. I need your vote November 6th to continue fighting for common sense spending focused on adequate funding for our roads and bridges.
